To Whom It May Concern

Moriyama & Teshima Architects are pleased to provide this letter of recommendation for JD Strachan Ltd.

We had the opportunity to work with JD Strachan Ltd. as a general contractor on the renovation and restoration of the Noor Cultural Centre (former Japanese Canadian Cultural Centre) and a private residence for the Centre's owner.

Both projects were challenging and demanded attention to detail as well as careful coordination of sub-trades. JD Strachan showed that they were very capable and demonstrated a high level of professionalism, fairness and commitment to quality. We were especially impressed by their level of co-operation and willingness to work in a positive, collaborative manner to ensure the success of the projects.

Moriyama & Teshima would not hesitate to recommend JD Strachan Ltd.

Sincerely,

MORIYAMA & TESHIMA ARCHITECTS
